

REIFAN KHALID

IT SPECIALIST

ABOUT

I help turn creative ideas into digital projects by developing simple websites, producing video edits, and designing basic animations as an IT student.

WORK EXPERIENCE

Basic Animation Project

2024 - 2025

Batam, Indonesia

- Created simple 2D animations for school assignments and personal projects
- Used basic animation principles such as timing, transitions, and motion
- Combined animation with images, text, and simple visual effects

Website Development Project

2025-2026

Batam, Indonesia

- Created simple websites for personal use and school assignments
- Developed static websites using basic Code
- Published websites using GitHub Pages

Video Editing Project

2021 - Present

Batam, Indonesia

- Edited videos for school assignments and personal projects
- Performed basic video cutting, transitions, and simple effects
- Added basic motion elements, text overlays, and visual enhancements to support content clarity
